# Quanta S / Quanta S+

## Features

### Rib Cage Chassis

India's first EV motorcycle with a rib-cage chassis that reinforces the frame and shields vital, high-value components like the battery in the event of a crash.

### BLDC Hub Motor

Our proprietary in-wheel BLDC hub motor comes with a 3-year warranty and an IP67 rating that shrugs off dust, mud and water—built to power through off-road trails

### 17 Inch Alloy Wheels

17-inch alloy wheels built to tame farm tracks, city potholes and muddy roads with effortless stability.

### LMFP Battery

India's safest LMFP battery pack, engineered for superior fire and water resistance, fully leak-proof construction, and long-lasting durability for every ride.

### GOTAC

Real-time battery, performance & safety monitoring with instant alerts on your mobile app.

## SPECIFICATIONS
